

FROM THE CHAIR – April Meeting Report, NCSU Student Chapter Hosting, “Mentors Dinner”

A big thanks to Dr. Joe Roise, Adam Marlowe, and Andrew McDowell (and the whole NCSU Student Chapter SAF) for their hard work lining up good vittles and excellent student speakers that discussed everything from conclave, forestry club activities, capstone projects, and biomass research. If you receive this newsletter as an email, please note I have attached a pdf of some pictures taken at the meeting – if anyone would like the originals please email me.

What a great turnout! Thanks also to all the mentors for coming to share a ½-hour or so discussing aspects of your career with students. Some are graduating this month and will become to future colleagues. If any are interested in continuing the mentoring process, please see the information, guidelines, and application form at: <http://www.apsaf.org/mentor.html>. This is how you may continue to help develop excellence in forestry and SAF leadership. Also, thanks again for contributing to the dinner costs, the money taken in quite nearly covered to total cost for the caterers.

May and June will be pretty busy with some great meetings. Sam Brake with the Biofuels Center of NC will speak to us on 5/27 (see over) and the NC Summer Meeting is the following week. If you have not yet registered for the summer meeting, please go to the link in the Activities Table below. Hope to see you there!

HEADS-UP

SAM BRAKE, DIRECTOR, FARMING, [BIOFUELS CENTER OF NORTH CAROLINA](#)

Day / Time: May 27, 6:00-8:00 PM

Location: [Jons Mainstreet Bar and Grill, Creedmoor, NC](#)

Plan to come for Mr. Sam Brake's presentation of "Biofuels-Past, Present, and Future" and hear about current research and NCBFC's role in North Carolina's changing energy landscape. This should prove to be very interesting with engaging discussion after. Meet at 5:30 for a little ethanol (or other) refreshment, dinner from the menu (pay on your own) at 6PM, Chapter business at 6:40, Mr. Brake at 7:00 and wrap up questions at 7:50.

Any questions call James (phone number on other side).

SEE YOU THERE!!!!
